

# February 2024 PAC NEWSLETTER

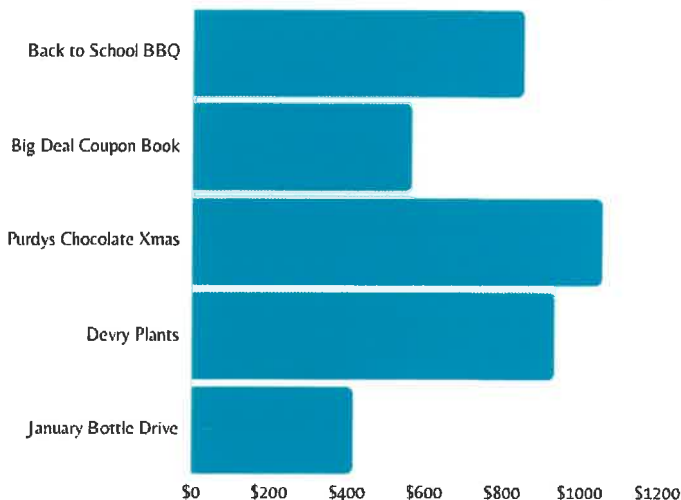

## WHO IS PAC AND WHY WE FUNDRAISE

The PAC is all of us - the Dufferin Parent Community. As members of the PAC, you have a voice in how our funds are spent and how this can impact our children's education.

Fundraising provides students and teachers with additional resources beyond what the school budget covers. Over the past several years, PAC funds have helped pay for a new playground, picnic benches, laminator, gym equipment, score board, indoor basketball hoops and backboards, school jerseys, subsidizing field trip costs and classroom activities.

This year, we have raised over \$10,000 through our events, fundraisers and hot lunches. We are proud to be funding a new PA system for the gym and for PAC events in and around the school. Additionally, funds are being put towards a cricut, classroom supplies, basketball referees, educational programs/software and continuing our legacy project - a school scholarship for alumni pursuing post secondary education.
